Syeachia Dennis MD, MPH, FFAFP - Chief Medical Officer at Humana Healthy Horizons in Oklahoma

Dr. Syeachia Dennis is a 4-generation Oklahoman. She received her B.A. at Wellesley College in psychobiology and obtained her M.D. at Loyola University Stritch School of Medicine. After this she trained in Chicago in the specialty of family medicine. She moved back to Oklahoma in 2009 and started her first job at Merton Comprehensive Health Services as a family physician in North Tulsa. During this time, she obtained her MPH from Johns Hopkins School of Public Health. She was an associate professor at the OU-TU School of Community Medicine from 2013-2023 and spent her career there working in partnership with community and educational leaders on the goal of achieving health equity for those marginalized in society.

She is a leader on strategies to increase the knowledge of the structural and social determinants of health negatively impacting populations in Oklahoma. She has presented nationally and internationally on historical trauma, teaching social determinants of health in graduate medical education and published on teaching about social determinants of health to healthcare professional students. She is the co-founder of Kindred Health Equity Partners. She is the Chief Medical Officer, Regional Vice President of Humana Healthy Horizons in Oklahoma.

Ronneal Mathews, MPH, PhD- Population Health Strategy Lead, Humana Healthy Horizons in Oklahoma

Dr. Ronneal Mathews is an advanced Public Health practitioner. She has over 20 years of experience in program development, implementation, and evaluation. Her primary areas of concentration have been chronic disease prevention and sexual and reproductive health education. She is passionate about meaningful community engagement, authentic ways of linking diversity, equity, and inclusion into her work, and making an impact on the health of communities and families.

Ronneal holds a Master of Public Health Degree from the University of Oklahoma and a PhD in Maternal and Child Health from the University of Maryland College Park. She is currently a Robert Wood Johnson Culture of Health Leader, serves on the board of Planned Parenthood Great Plains, and mentors other Public Health Professionals, with a particular emphasis on career development of young African American women. Her modes of self-care include arts and crafts, journaling, playing strategy games, reading, singing, watching movies, and writing short stories and poetry.
